RADAR GUN CHALLENGE

presented by ClevelandPickleball.com

How fast do your players REALLY hit? Let's put a number on it.

WHAT IT IS

A social-energy speed challenge that runs right alongside your busiest open play session or Tournament players on BYE. ClevelandPickleball.com brings a radar gun and clocks players' drives in miles per hour. It takes one court for about an hour, and regular games keep going without interruption. We handle the equipment, consistent setup at all venues, and promotion; you provide the space and help spread the word.

WHY PLAYERS LOVE IT

- **Their real speed.** Everyone thinks they hit hard. Now they find out their actual mph.
- **Bragging rights.** A number to chase, share, and beat next time.
- **A live leaderboard.** Fastest drive posted for all to see on ClevelandPickleball.com. The OFFICIAL RADAR GUN CHALLENGE LEADERBOARD for NORTHEAST Ohio.

WHAT YOUR VENUE GETS

- **A fun peak-time event** that adds buzz without taking over your courts.
- **Member engagement** that gets people talking, competing, and coming back.
- **Free promotion of your venue** to the ClevelandPickleball.com audience (see below).
- **Possible new players** who discover your venue through the event and ClevelandPickleball.com Social Media posts

WHAT WE NEED FROM YOU

- **Space:** one court for about an hour.
- **A date** during a peak open play session with lots of hard hitters. Or during a tournament that will have players on BYE standing around, this gives them something to do.
- **Co-promotion** to your members by email, social, or a front-desk sign.
- **Free.** No cost to the venue.

HOW IT WORKS ON THE DAY

- **Setup:** we arrive early and set up the radar gun on one court.
- **Swing:** players step up for 3 chances each.
- **Log:** each players best of 3 MPH goes on the leaderboard in real time.
- **Win:** prizes for the fastest drive at your venue.
- **Share:** we capture photos and video for social.
